

# Unite for Union Strength

We the undersigned appeal to General Holifield to help us resolve our internal strife and bring our terminated union brothers and sister back to work. We believe that Robert Whiteside, Allen Bradley, Franklin Torrence, Glenna Swinford, and David Crisco have always acted in our Local's interest to the best of their knowledge and experience. If mistakes were made, they were not made out of malice to our union. No union brother or sister should have to face a union trial before their case goes to arbitration. We need unity in our struggle for economic justice and workers' rights. A victory for one worker is a victory for all workers. Demonstrate the UAW's strength by reinstating our brothers and sister as full union members and active workers.

We want UAW Local 3520 to be instrumental in the fight to organize the south. With unity we can overcome any obstacle. Show us how to be a fighting union, General Holifield. Lead the way and we will march in your footsteps with pride.
